

高速均質機 POLYTRON

PT 1200CL

處理量：0.1-250 ml

- Powerful 100 Watt drive unit
- Transformer with tension outlet 18V
- Variable speeds up to approx. 22000 rpm
- Three exchangeable dispersing aggregates
- Quick coupling for dispersing aggregates

PT 1300D

處理量：0.1-250 ml

- 100 watt /24V powerful drive
- Intelligent control system
- Digital display
- MEMO function
- Foil keyboard
- Variable speed between 700 and 30000 rpm

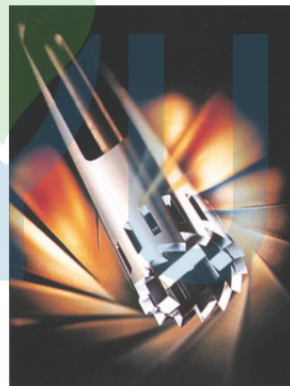

PT 2100

處理量：0.1-2000 ml

- 500 Watt motor power
- Rotor speed range from 11000 up to 30000 rpm
- Integrated electronic speed regulation
- Soft-start and thermal overload
- Non corrosive quick coupling
- 7 interchangeable dispersing aggregates iEC design
- Two different stands
- CE label, SEV approved

PT 1200E

均質頭 Dispersing Aggregates

處理量	5.5mm	7.5mm	12mm	20mm
處理量	0.1-5 ml	0.3-10 ml	2-250 ml	100-2000 ml
